b. Report from the Engineering Experience Permitted Interaction Group ("PIG")

A "Permitted Interaction Group" or "PIG" is authorized by Hawaii Revised Statutes (HRS) §92-2.5(b). PIGs may be formed by State boards to investigate specified issues outside of regularly scheduled board meetings under certain conditions.

The Engineering Experience PIG formed on June 22, 2023 was tasked with the following:

- Research other state regulations to verify whether they recognize only one type of experience to qualify for PE licensure;*
- Research other state regulations to verify whether they issue a conditional license for government employees;*
- Have further discussion with counties and other applicable government departments regarding their qualifications for "plan reviewers;" and*
- Provide recommendations to the Board and other stakeholders regarding the experience requirements for licensure and applicants submitting only government experience or one type of experience to qualify for licensure.*

6. Old Business

- a. Consideration of "decoupling" the experience requirement to sit for the Principles and Practice of Engineering ("PE") exam, Architect Registration Examination ("ARE"), Principles and Practice of Surveying ("PS") exam, and Landscape Architect Registration Exam ("LARE")

Under current Hawaii Administrative Rules ("HAR") §16-115, applicants who wish to sit for the PE, ARE, PS, or LARE exams must meet the respective experience requirements. The Board will discuss "decoupling" the four exams, which would allow individuals with an appropriately accredited degree to sit for the exams at any time while still gaining lawful experience. Individuals would still have to meet the lawful experience requirements for licensure.

7. Applications

The Board may move into Executive Session in accordance with HRS §92-4 and §92-5(a)(1) and (4) "To consider and evaluate personal information relating to individuals applying for licensure;" and "To consult with the Board's attorney on questions and issues pertaining to the Board's powers, duties, privileges, immunities, and liabilities," (Board will vote in Open Meeting).

- b. Recommendations from the following Application Review Committees (attached to the agenda):

- 1) Professional Engineer Committee
- 2) Professional Architect Committee

- 4) Professional Landscape Architect Committee

8. Executive Officer's Report

a. 2024 EASLA license renewal audit

Pursuant to HRS §464-9, all EASLA licenses must be renewed by April 30 of every even-numbered year. Pursuant to HRS §464-9(d), all architect licensees must additionally meet the Board's continuing education ("CE") requirements for renewal, and the Board shall randomly audit architect licensees for compliance with the CE requirement after renewal.

Audit letters have been mailed to those licensees selected for random audit with additional instructions. Licensees may email the Board at EASLA@dcca.hawaii.gov for more information.

9. Election of Officers in accordance with HRS §436B-6(a)

The Board will vote to elect a Chair and Vice-Chair, pursuant to HRS 436B-6(a), "Immediately upon the qualification and appointment of the original members, and annually thereafter, the board shall elect one member as chair and one member as vice-chair. In the absence of both the chair and the vice-chair to preside at a meeting, the members present shall select a chair pro tem."
