2023 Legislation: Relating to Procurement

a. H.B. 536

Amends the competitive sealed bidding process for construction projects to require joint contractors and subcontractors to submit their bids to a bid depository established under DCCA. Authorizes joint contractors and subcontractors to submit different bids to different general contractors bidding on the project. Requires all bids submitted by joint contractors and subcontractors to be held in the bid depository and withheld from the general contractors until twenty-four hours before the closing of the invitation for bids. Requires general contractors to use only the bids timely submitted by joint contractors and subcontractors to the bid depository in their construction bid and imposes fines for violations. Requires DCCA to adopt rules specifying how the bid depository shall operate.

b. H.B. 542, H.D. 1

Allows bidders to clarify or correct immaterial or technical information required as part of a bid submission for up to twenty-four hours after the bid submission deadline, in addition to the time for correction or withdrawal of inadvertently erroneous bids before or after the award as permitted by rules adopted by the procurement policy board. Requires that bids for construction be opened no sooner than twenty-four hours after the deadline for the submission of bids. Defines "immaterial or technical information". Repeals 6/30/2028.

Relating to Contractors

c. S.B. 371 / H.B. 558

Defines "incidental and supplemental work" for purposes of specialty contractors under the contractors law.
