7. Federation of State Medical Boards

A. Reentry to Practice: Report of the FSMB Workgroup on Reentry to Practice, Draft, January 2025

Physicians may take a leave from practice for a variety of reasons, necessitating reentry. The following document contains guidance for state medical boards when considering potential reentry to practice requirements for physicians seeking to resume active practice following a significant absence. Recommendations offered in the document reflect an appreciation that unique situations exist for physicians (hereinafter understood to include physician assistants/associates (PAs)) seeking to reenter practice, and flexibility is therefore encouraged, as is the need to consider reentry decisions on a case-by-case basis.

The Board will discuss and consider providing feedback and comments to this Report.

B. Invitation to USMLE Workshop for State Board Members

The USMLE program is working to increase its database of potential candidates to serve on USMLE test development committees and/or other USMLE committees and activities. In particular, FSMB is striving to increase the number of physicians in their database who have experience as current or former members of a state medical board. This meeting will be held on March 14, 2025, at FSMB offices in Euless, Texas.

The Board will discuss and consider selecting Board member(s) to participate in this meeting.
